BCIT Discovery Night

Thursday, October 25th 6 – 8 p.m.

Career-Technical School Facts:

- More than 70% of NJ career and technical education (CTE) students pursue post-secondary education.
- The average high school graduation rate for students concentrating in CTE programs is more than 90 percent.
- BCIT provides career-ready course study: core academic skills, employability skills, and technical skills. According to the Association for Career and Technical Education, “additional knowledge and specialization in one or more of these areas is often required either immediately after high school or in the future, depending on a student’s career choices.”
