

Your nursing career **STARTS NOW!**

The BAYADA Nurse Residency Program

Don't stress about your school-to-practice transition.

Our Nurse Residency makes it easy and rewarding—with the highest quality, most comprehensive training and mentorship available in the rapid-growth field of home health care.

- Great skill-building career launch for new grads
- Six weeks of instruction: online classroom, in-person lab, and precepted clinical care
- Safe skills practice in a unique simulation lab setting
- Independent work in the home setting only when you are comfortable and ready
- Dedicated clinical mentor throughout the program
- Choice to work with the ages, diagnoses, and skills that interest you

Home health care is NOT like other work settings—and BAYADA is NOT like other employers!

- Forbes Top Employer for New Grads
- Freedom to learn and practice at the top of your nursing license
- Meaningful relationships and outcomes providing safe, one-on-one care
- Robust opportunities for career advancement in a number of specialties—clinical or business track
- Flexible hours supported by exceptional office and care teams
- 24/7 clinical support, free CE credits, and annual scholarship program

WE LOVE WHAT WE DO

Become a Nurse with **BAYADA!**

Introducing our new **\$5,000 Advance to LPN sponsorship!**

At BAYADA, we encourage our employees to take their career as far as they want it to go—and we support you all the way.

How the sponsorship program works

In exchange for receiving \$5,000 to use toward LPN nursing school, home health aides* commit to participating in the 12-month **BAYADA Nurse Residency program**, training and then working as a BAYADA Nurse after graduation. Why you should consider it:

- **Ease the financial burden** of nursing school. 
- **Earn while you learn:** you continue working as a BAYADA HHA throughout your schooling so there's **no loss of income**. Your office team will work with you to ensure your work schedule is as flexible as possible to accommodate your school schedule, and you can move right from working as an aide into the program. 
- By committing to the Nurse Residency Program, you'll have a plan in place after graduation, relieving the stress of trying to figure out what to do after school: **You'll be a BAYADA Nurse!** 
- You'll make a smooth transition into your nursing career, with the **support and guidance of experienced nurse mentors.** 
- Your **office director will meet with you** monthly for additional support throughout school. 

Scan the QR code to register for a Nurse Residency program info session or learn more at bhhc.co/AdvanceNRP.

For more information on the *Advance to LPN sponsorship*, contact Mark Fitton at 272-234-8154 or MFITTON@bayada.com.

*Includes other employees who are doing similar work such as personal care assistants, direct care workers, HAB techs, and more.
