---

Welcome to the Burlington County Institute of Technology (BCIT) Adult Education Division. The administration, faculty, and staff stand ready to assist you in achieving your academic and vocational goals. Our classes are developed to prepare students for employment, further your existing education, or for lifelong learning. BCIT is a “Go To” solution for certification, licensing, instruction, customized business training and apprenticeships.

Situated in the largest County of New Jersey, the Burlington County Institute of Technology Adult Division is a public, non-profit, post-secondary institution. The BCIT Adult Education division offers more than 50 courses each semester in which you may complete a “Career in a Year” program! BCIT continues to expand course offerings in new and emergent fields that support the State’s targeted industry sectors while promoting employment and skill development. In addition to courses that provide certification, there are skill building and introductory courses. These courses give our students a leg up when searching for that perfect job; we believe in training students not just for jobs but also for life long careers.

I will continue to refine the blue print to meet the needs of our businesses and our students while creating opportunities for skill development that assures employability, ability to stack credentials and provide for sustainability of the value of a BCIT education. With the assistance of our BCIT Adult Advisory Committee, comprised of businessmen and women from Burlington County and beyond, the Department of Labor, Chamber of Commerce, Workforce Investment Board, and SCORE, BCIT will continue to be a place where career dreams will become a reality.

Patrick A. Cruet

BCIT Adult Principal

Burlington County Apprentice Coordinator
